

Graduate Satisfaction (Alberta Graduate Outcomes Survey Class of 2014)

The province of Alberta administers a Graduate Outcomes Survey biennially. Of the 1,718 AU students who graduated in 2013-14, 818 responded (47.6%). Overall, the general satisfaction of AU graduates has remained consistent over the last five surveys.

AU graduates were also asked if their program was worth the financial cost. Overall, 92.3% of AU graduates agreed or strongly agreed that their program was worth the financial cost. This is higher than the CARI institutions (80.2%) all public PSIs (82.4%), and higher than the previous AU graduating class of 2011-12 (88.1%).
